

TEAMBUILDING

AT UNIVERSITY OF PHOENIX STADIUM

CUSTOM ACTIVITIES INCLUDE:

STADIUM SCAVENGER HUNT **from \$35-\$50 per person**

The scavenger hunt is probably one of the most popular team building exercises in corporate America today. The concept is simple – a team must work together to locate and collect a series of random objects and return with their findings. The professional team building facilitators at 360 Teambuilding have taken the team building program to the extreme at the stadium. Teams must not only collect items, but they must strategize to discover clues, overcome challenges, find answers to questions and solve riddles and puzzles. In the most premiere sporting facility in Arizona, the Stadium Scavenger Hunt is not just an activity, it's an experience.

THE GRIDIRON GRILL **from \$65-\$85 per person**

The more cooks in the kitchen, the merrier! This activity is an experience you can't get anywhere but at the University of Phoenix Stadium. Each team will work together, with Sean Kavanaugh, our award-winning chef with Centerplate, to prepare lavish meal customized to your tastebuds. Whether you desire the "Ultimate Tailgate" spread or a five-course cuisine paired with signature wines, we are up to the challenge to bring out the best chef in you—even if you don't know how to boil water. Once you have mastered your meal, you will have an unique dining experience in one of the many Stadium event spaces. Each participating group will have the option to add customized chef's jackets, personal menu and a top of the line butcher knife as a souvenir.

MIXOLOGY **from \$45.00 per person**

Whip out your bartending skills cause this activity is just that. Your team will be divided into groups and provided with four different kinds of alcohol, mixers, a variety of fruit, and garnishes. The goal is for your team to create the best original drinks that will be judged by the beverage connoisseurs of Centerplate.
